Scratchboard

Art with

Tania Nault

Scratchboard art is a direct engraving technique. Using sharp and/or abrasive tools, the artist makes a series of marks on the scratchboard surface to create an image.

In this workshop students will learn:

- about scratchboard materials and tools
- a variety of techniques for working on scratchboard
- how to use value to create a sense of dimension and space
- how to add colour to scratchboard work
- basic varnish and framing techniques for scratchboard

Two CARVING Workshops

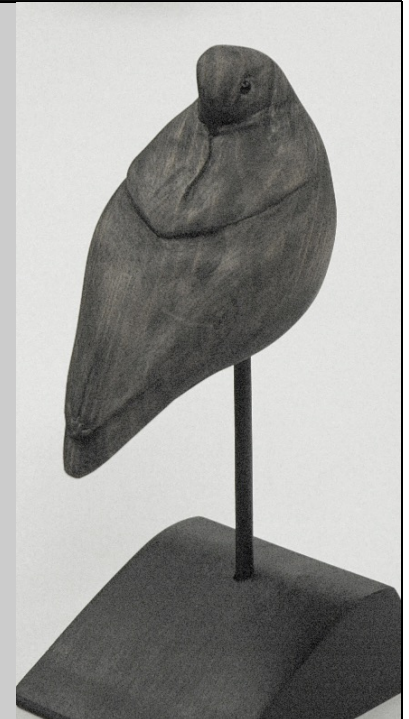

WOOD SPIRIT BARK CARVING
WITH PAUL PERRON

OR

RESTING SHORE BIRD WITH GARRY RECTOR

These are hand carving
(not power carving) workshops.

Bring your own tools and safety gloves
(knives, chisels, etc) if you have them.

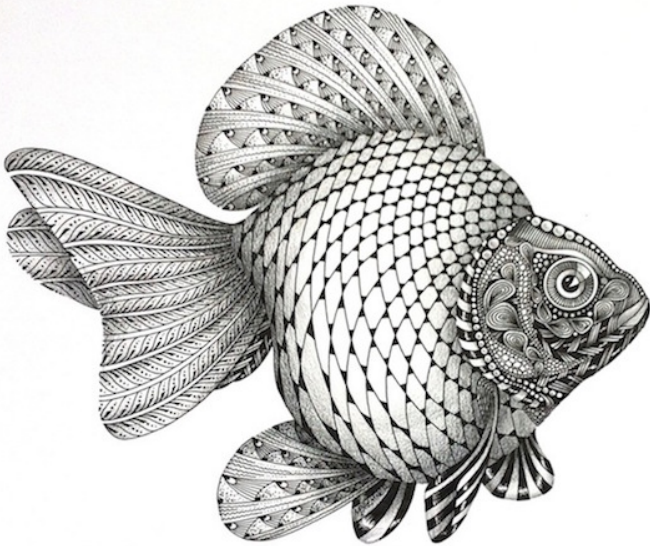

CLAY SCULPTURE With Sharon Walker

This workshop will be an informal hands on introduction in to sculpting animals from life. We will start with the measuring process and then move into building an armature for our model. The medium that will be used is an oil based clay that never hardens and is always workable.

Sharon Walker was a Best in Show winner at Reflections with her elk sculpture.

Zentangle Nature Themes With Margaret Bremner

Zentangle® is a delightful method for creating beautiful pictures using repeated patterns.

It's easy to learn, easy to do, is enjoyed by a wide range of ages and skill levels, and is used in many fields of interest. Its small format and simple materials are unintimidating.
